

**Dear Custom Building Systems,**

All of us at Connections Church Belmont wanted to say a HUGE THANK YOU to all of you for your great work in constructing our very first Church building of our own!! From start to finish and even beyond, your Team has been incredibly helpful and professional in helping to accomplish this Dream! We could not have had a better experience as you all truly listened to what we needed and wanted, and worked very hard to make that happen within the budget and time frame that we were working with.

I would gladly recommend Custom Building Systems to anyone ready to build their Dream, and have already walked several Church Groups through our new Church with great Joy in all that God has done! So from our Growing Family at Connections, Thanks so much, and we look forward to the next phase of expansion on our Campus!

In Christ
